

We requested that our name be placed on Indiana's DO NOT CALL list after receiving an average of 3-5 calls per night from telemarketers. In one case, after terminating an AOL internet account, we received 13 phone calls (one each day for 13 days) requesting that we reactive the account. I had to threaten them with civil action before they finally stopped calling. The telemarketing calls from credit card agencies got ridiculous. After our name was placed on the list in December 2001, we have not received one telemarketer call. My family can enjoy the evenings in peace, eat dinner as a family without interruptions, and even go to bed before 9:00 pm without telemarketer calls.

This DO NOT CALL list has been a godsend. It is tough enough to find time to spend with your family, this makes the time easier.

Please do not eliminate our DO NOT CALL list program.

Thanks,  
Laurie Miller
